## Creative Art & Styling By Our Artist Nada

Nada Yaacoub is a Lebanese artist known for her playful, colourful and eclectic art pieces filled with Mandala inspired patterns, flowers & vibrant colours. Her bespoke art evokes all the symbols of the Middle East in the 1960's and 70's and nod towards the golden ages of Arabic cinema.

Some of her most popular pieces, currently displayed across the restaurants of Comptoir Libanais, feature western celebrities sporting the traditional Lebanese tarboush against a background of beautiful Middle-Eastern shapes and patterns.

Some of her larger art pieces, printed as murals, subtly reference back to her childhood in 70's Lebanon in a series of collage style compositions that are hidden in the intricate details of the mandalas.

From bespoke art pieces, to creative floral and festive styling, Nada's creative flair adds colour, character and energy to any room. If you would like to commission Nada for your own bespoke art piece, floral or festive display contact us at [sales@shadowonthames.co.uk](mailto:sales@shadowonthames.co.uk) and we'll book you in for your complimentary consultation.

# Installations

We love to get hands on with our work, from design to production to installation. It allows us to oversee every detail of your project to make sure you receive it exactly how you want it.

Besides, every step towards your product installation should be exciting and stress-free so our service is as quick and simple as possible.

We'll first start by carrying out a detailed survey at your fitting site, we'll then draw up some ideas and finalise the design. After agreeing a start date, we'll fit your items and take care of any other elements required for completion.

---

**Only the best and most experienced installers are deployed to your site**

---

**We will remove any items we have previously installed and dispose of them in an eco friendly way**

---

**We will aim to fit your new products within 14 days of design approval\*.**

---

**We will provide the complete solution so there's no need to find specialist tradespeople**

---

\*Depending on manufacturing scales. Please speak to a member of our creative team for more details.
